ACTION TAKEN REPORT ON FEEDBACK RECEIVED ON CURRICULUM

Academic Year 2020 -2021

The action taken report of the online feedback received on curriculum for the Academic Year 2020-2021 from different stakeholders as recorded in the minutes of IQAC meetings as follows:

Sr. No	Particulars of Stakeholder	Subjects	Suggestions	Action taken as recorded in BoS minutes
1	STUDENTS		<ul style="list-style-type: none"> Maximum competitions exams should be taken Teachers are very good at teaching but if there will be a smart board in our class then it is more reliable and interesting Ask more MCQ type questions Clear the basic concept ,and give the concepts knowledge deep Personal mentor should be given to the students who are really good in academics and one more there should be "kamva ani shika yojana" for economically weaker section students 	<ul style="list-style-type: none"> Suggestions are discussed in meeting. Few suggestions are implemented.
2	TEACHERS		<ul style="list-style-type: none"> Curriculum should be need based, skill and practical knowledge oriented. All is good, but there is a need of practical and applications based content More applications can be added. It should be more relevant and extensive 	<ul style="list-style-type: none"> Suggestions are discussed in meeting and forwarded for implementation.
3	EMPLOYER		<ul style="list-style-type: none"> Always touch with ex students. Include new stuff as per today's technology. 	<ul style="list-style-type: none"> Suggestions are discussed
4	ALUMNI		<ul style="list-style-type: none"> I suggest to college that they have to bring internships and Free Courses for students about personality development, Carrier orientation programs. Competative Exam guidance, Extra curriculum activity, SET NET GET Syllables include in Bsc level and class for every week how to prepare, campus interview, seminars, build teaching skill students, Alumni program Job and business oriented training need to provide 	<ul style="list-style-type: none"> Suggestions are discussed in meeting and forwarded for implementation

			<ul style="list-style-type: none"> • To give affordable education • Job oriented syllabus with internship program must be framed • There should be campus selection • Curriculum should give well knowledge & employment. • Start professional courses • I suggest to develop well advance and equipped laboratory for students. And arrange campus interview for them. This two improvement I would suggest to achieve Vison and Mission. • Add the courses skill and human development study • Students should prepare their own solution throughout all practicals. • I think the campus is very much needed for student recruitment and placement.
