R/Sir,

Hereby we are submitting the final utilization and work done report on "Workshop on Skill Enhancement Course (SEC) CBCS in Physics (B. Sc. T. Y., CBCS, Sec, Practical)" For SRTMUN. The workshop is organized by the sponsorship of University Grants commission under the College with potential for Excellence (UGC-CPE).

The final utilization report on workshop is prepared as per the guidelines of U.G.C. Kindly accept it and do the needful and oblige.

Thanking you.

Yours faithfully,

Principal

### Acknowledgements

The workshop on "Skill Enhancement Course (SEC) CBCS in Physics (B. Sc. T. Y., CBCS, Sec, Practical)" For SRTMUN programme wishes to thank all members of the Organizing Committee for their support and dedication in the conduction of this Workshop. Similarly Department of Physics, Dayanand Science College Latur, would like to acknowledge the financial support provided by UGC-CPE. This workshop is sanctioned by the Swami Ramanand Teerth Marathwada University Nanded we are thankful for them. Finally, Coordinator would like to express its gratitude to Principal, Vice-Principal, Keynote speaker, Chairman, BoS members, presenters, panelists and participants for their contributions, which were essential to reach the proposed results. I also thank one and all who helped us during this workshop to make grand success.

## **I. Background of Workshop**

In the academic year 2018-19 Swami Ramanand Teerth Marathwada University changed the syllabus pattern and adopted CBCS pattern. This year university changed the syllabus of B. Sc. III year and adopted CBCS pattern and introduced new courses like SEC. To discuss applicability of this syllabus with purpose of training to teachers, college decided to take the workshop in Physics department. Our college applied proposal to university for permission to conduct national workshop on 06 August 2018. SRTMUN sanctioned the National level workshop to organize at department of Physics, Dayanand science College, Latur for "Skill Enhancement Course (SEC) CBCS in Physics (B. Sc. T. Y., CBCS, Sec, Practical)". The main objective of the workshop is to discuss recent syllabus and applications of Physics in to Researchers, Teachers and Students. This workshop included a series of presentations in plenary sessions, a panel of experts, and group discussion sessions. An Organizing Committee was established to plan, coordinate, and conduct the workshop.

Taking into consideration the guidelines of the programmed, the workshop was planned with the following goals:

- To introduce and frame the new syllabi with applied base of current social needs and which would fulfill requirements of Industrial developments.
- To introduce new skill based syllabus.
- To identify ways to bridge the gap between the old and new syllabus/research in Physics.
- To obtain consensus on strategies about the applications of recent research in Physics in India
- To improve the syllabus in Physics for SRTMUN.
- To enrich training hub of Physics to the National Level/International level for the college teachers, Research and UG, PG students.
- To continue outreach activities with the goal of establishing a Research culture in the department and Researchers.

### **❖ The proposed results were:**

- To give the hands-on-training, competencies, skills, etc. in the subject of physics to the teachers
- To make the training of teaching new syllabus and SEC.
- To increase the quality research in Physics.
- To receive guidance on the recent research in Physics and application for researchers.
- To improve the recent syllabi in Physics for SRTMUN.
- As these courses are primarily of hands-on-training type, therefore, students are expected to devote much of their time in laboratory activities rather than the conventional classroom teaching. So, SEC is effective.
- Performance of the students in these courses shall be assessed at the end of the semester VI following annual pattern by a pair of external examiners along with their practical courses.
- Students have freedom to choose the Skill Enhancement Courses (SEC III and IV) from either of their optional paper at B. Sc. Third Year.

To achieve the goals and proposed outcomes, an operational structure for the workshop was set up combining presentations and panels during plenary sessions and group sessions to discuss specific issues that the Organizing Committee had identified as relevant. The identification and subsequent selection of speakers and topics for discussion in group sessions were done by the Organizing Committee.

The workshop brought together experts from the various branches of Physics. Hence, the workshop met the goal to bring together representatives of the Physicists, research students from the various universities. More information about this workshop and the departments program can be found at the following websites: [www.dsclatur.org](http://www.dsclatur.org)

### **III. Inauguration and Plenary Presentations**

Dayanand Science College has organized UGC-CPE sponsored workshop on “Skill Enhancement Course [SEC] CBCS” in Physics (B.Sc. T.Y. – CBCS, SEC, Practical) dated on 6<sup>th</sup> August 2018.

A common Inaugural function in the subject of Physics, Mathematics, Chemistry and Zoology was held in the seminar hall by the auspicious hands of Prof. M.K. Patil (Chairman BOS, SRTMU, Nanded ) and in the presence of the President Hon. Rameshji Biyani (Secretary, Dayanand Education Society, Latur), Chief Organizer Dr. J.S. Dargad (Principal, Dayanand Science College Latur) and Invited Guest Dr. S.S. Nanware (Chairman BOS, Zoology ), Dr. K.L. Bondar (Chairman BOS, Mathematics) and Dr. B.S. Dawane (Chairman BOS, Chemistry) S.R.T.M.University, Nanded.

Keynote address has made by Dr. M. K. Patil, In the keynote addressed Dr. M. K Patil Focused on recent Syllabi (B. Sc. III, CBCS pattern, SEC and Practical) and examination pattern of SRTMUN and new guidelines for the syllabi.

The SEC workshop in Physics was commenced with the welcome and felicitation of Resource persons Prof. M.K. Patil (Chairman BOS, SRTMU, Nanded), Dr. S.N. Keshatti (Department of Physics, Shivaji Mahavidyalaya, Parbhani), Dr. H.V. Bakshi (Arts, Commerce, Science College Shankarnagar, Dist. Nanded), Dr. S.D. Misal (Head, Department of Physics, Shri K.S.M., Ausa), Dr. C.J. Kadam (Maharashtra Mahavidyalaya, Nilanga ) and BOS Members.

Dr. M.K. Patil introductory speech in session I, informed the faculty about Skill Enhancement Courses in Physics for B.Sc. T.Y. syllabus. He has given the guideline regarding effective implementation of skill based technique. In session II, Dr. S.N. Keshatti has delivered his talk on SEC III (A) Skill Enhancement Course: A. Renewable Energy and Harvesting. He has introduced and created awareness among the faculty members about use of the non-conventional energy sources such as solar energy, wind energy, tidal energy, biomass, etc. He concluded that after completing this course the students will not only gain knowledge of various non-conventional energy sources but also get hands-on experience of utilizing them in real life. Dr.

H.V. Bakshi has introduced SEC III (B) Skill Enhancement Course: B. Electrical Circuit Analysis Skill. He talked about a wide range of topics like the electrical circuits, wiring of the electrical appliances and enabled the faculty members to check for troubleshoots through hands-on exercises. This course introduces the students to various electrical components including their characteristics and power losses. He suggested that as this course is of skill based, therefore, after completing this course students will not only be able to check the electrical connections at house-hold but will also learn the skill to repair the electrical appliances for the general troubleshoots and wiring faults. In session III, Dr. C.J. Kadam discussed Physics Workshop Skills. He said that this course introduces the students to the workshop skills like cutting, drilling, filing, different types of AC and DC generators, soldering-desoldering of electrical and electronics components, constructing regulated power supplies, etc., therefore, after completing this course students will acquire skills of using various workshop tools and also to find faults and general troubleshoots and wiring faults. SEC IV (A) Skill Enhancement Course B. Semiconductor Devices Application Skill was discussed by Dr. S.D. Misal.

### **Open Discussion and Conclusion:**

Department of Physics, Dayanand Science College, Latur, organizes one day **UGC-CPE sponsored Workshop on "Skill Enhancement Course (SEC) CBCS in Physics (B. Sc. T. Y., CBCS, Sec, Practical)"** on 06<sup>th</sup> August 2018 sanctioned by Swami Ramanand Teerth Marathwada University, Nanded. In this workshop three sessions were conducted. In Session I, Dr. M.K. Patil informed the faculty about Skill Enhancement Courses in Physics for B.Sc. T.Y. syllabus. In session II, Dr. S.N. Keshatti has delivered his talk on SEC III (A) Skill Enhancement Course: A. Renewable Energy and Harvesting. Dr. H.V. Bakshi has introduced SEC III (B) Skill Enhancement Course: B. Electrical Circuit Analysis Skill. In session III, Dr. C.J. Kadam discussed Physics Workshop Skills. SEC IV (A) Skill Enhancement Course B. Semiconductor Devices Application Skill was discussed by Dr. S.D. Misal. For this workshop 40 participants from various colleges of SRTMUN were present.

During three sessions there was a fruitful discussion and an interaction between faculty member and the resource person and the following questions were raised:-

1. B.Sc. Final year syllabus page number 26 – Whether End Semester Examination (ESE) should be conducted in the form of *seminar / practical* work by a pair of external examiners at the end of Semester IV.
2. Skill Enhancement Course workload will be considered or not.

### **In this workshop following points were discussed.**

- New CBCS syllabus and Skill Enhancement Courses (SEC) of B.Sc. T.Y Physics.
- Dr. M.K. Patil from School of Physics, S.R.T.M.U. Nanded, has given presentation on newly introduced the skill based courses.

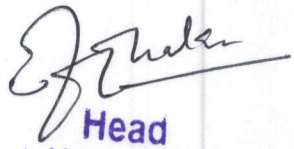

- There shall be two such skill enhancement courses, one each in semester V and VI, which shall be selected by the students.
- Every students studying in B.Sc. final year (Semester V and VI) is required to complete two laboratory / practical courses (Paper Nos. P-XVI and P-XVII), which shall be assessed / examined at the end of the Semester-VI (annual pattern).

**Valedictory function and feedback:**

The valedictory function was conducted in the presence of Dr. S.N. Keshatty, Dr. L.V. Thakre (H.O.D. Physics) and Dr. V.A. Chaudhari, Convener of SEC workshop. Dr. S.N. Keshatty summarized the output of the workshop. Dr. V.A. Chaudhari proposed vote of thanks and Prof. Shweta Lokhande work as an anchor of this workshop. 40 participants from different College and other University attended this workshop. In this valedictory function many Physician were given the feedback on the overall workshop. Lastly, Certificates of this workshop were distributed.

We are grateful to President Hon. Rameshji Biyani (Secretary, Dayanand Education Society, Latur), Chief Organizer Dr. J.S. Dargad (Principal, Daynand Science College, Latur) and Dr. S.S. Bellale Vice- Principal for their constant encouragement. We are thankful to all HOD , Dr. L.V. Thakre , Dr. V.D. Mote ,Prof. Shweta Lokhande Dr. M.B. Pandge , Dr. S.A Mirikar ,Prof. L.H Kathwate, Prof. M.B. Awale , Prof. J.C. Satpute , Prof. O.H. Sarge , Prof. Deshmukh R.R for their kind support.
