

**Dayanand Science College, Latur.**  
**Department of Microbiology and Biotechnology**  
**Events organized during the Academic year 2021-22**

*(Conference/Workshop/Symposium/Seminar/Guest Lecture/Special Day Celebration/open day/Exhibition/welcome function/ farewell function/Sport activities /NSS activities/ NCC activities/ Portfolio activities etc.)*

1. Name of the Department : Microbiology & Biotechnology
2. Complete name/ title of the Activity : Domestic Workshop on Efficient Use of LPG & Fuel
3. Dates or Duration (from-----to) : 23<sup>rd</sup> November, 2021
4. Venue of the Event : Biotechnology Seminar Hall, DSCL
5. Sponsor/Collaborations (if any) : Dayanand Science College, Latur
6. Level of the event (encircle) : **Department**  
International / National / State / University / District / College / **Department** etc.
7. Purpose / aim / objective and outcome of the event:
  - To aware about the energy conservation
8. Beneficiaries / participants (Type/number, etc.):
  - Students: 31
9. Other major staff / student / Institution involved in the organization of the activity:
  - Resource Person : Mr. Kedar Khamitakr
  - Staff of Microbiology and Biotechnology department
10. Any other information / comment / qualitative remarks:
11. Photographs (with captions) submitted (number) :
  - 02
12. Evidence produced (Certificate, letters, newspaper cuttings etc.)
  - Newspaper cuttings
13. Name and Signature of Coordinator: **Dr. K. S. Gomare**

## Workshop

Organized by the Department of Microbiology and Biotechnology

Workshop on “**Domestic Workshop on Efficient Use of LPG & Fuel**”

The event supported by Department of Biotechnology (DBT) as part innovative activity relating to online learning and research focusing activities by considering Covid-19 current pandemic situation.

### Aim & Objectives

The main aim of the *Workshop* was to aware students and society about energy conservation.

The objective of this event was, in Higher education institutions have always focused on improving quality assurance; from regular student surveys, it can be noted that they repeatedly request more practical activities as part of their courses. The gap between some projects’ implementation and current requirements for teaching and learning highlighted the need for a proper balance between curricular and extracurricular activities

**Main Venue-** Biotechnology Seminar Hall, DSCL

**Date:** 23 November, 2021

**Time:** 3.00PM – 4:00 PM

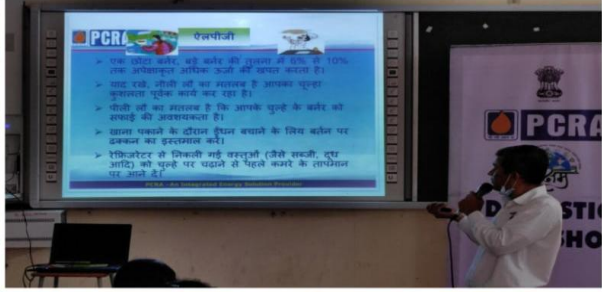

**Participants-** 50 students

**Guest:** Mr. Kedar Khamitakr

PCRA Faculty & Energy Auditor

The main subject of Mr. Kedar’s talk was on the “**Efficient Use of LPG & Fuel**” by considering the sub discipline within biotechnology and microbiology. The students were briefed about basic rules to be followed towards power conservation and electrical safety. The students were given tips on proper operation of refrigerators, air conditioners, televisions, LPG, Fuel, household lighting and other household appliances. Also appealed to the students to stagger the use of water motors and other household equipments to reduce the peak hour.

students to be aware of energy saving techniques and also sensitise their parents and peers on the need to conserve energy. Students should prevail upon their parents to go in only for household appliances which have been rated for energy efficiency. Use of standard equipment and quality wiring would greatly help improve energy efficiency.
