

Re-DVV (Q_nM 6.5.3) S.No.2 and 4

Re-DVV Comment: As per attached details documents S.No. 1 and 3 are considered, accordingly 2 Quality assurance initiatives have been considered.

Response of HEI: As per Your Comment S.No. 1 and 3 are considered but in addition that HEI-IQAC has number of Collaborative quality initiatives with the other institutes (S. No. 2) and ISO Certification, External Academic Audit by SRTMUN (S.No. 4). The necessary documents are attached for the two Quality assurance initiatives S. No. 2 and 4.

We are kindly requesting you please go through these supporting documents and consider these two remaining quality assurance initiatives Sr. No. 2 and 4.

Hence, we request Re-DVV to consider Input **A. All the above** for this metric.

The main features of remote proctoring are-

- **Live guiding process** : students are guided before starting the test, the proctor assists the candidate on technical issues. The process is documented before starting the test
- **Pre-Authentication**: In this feature the candidates needs to authenticate their identity as the test takers through Biometric, face photo-id review, photo capture, facial recognition, OTP, IP or Aadhaar.
- **Live Environment Scanning** : It checks every part of the workspace and safeguards it unpermitted resources during the exam
- **Internet Breaks** : This feature can detect if the examinees internet breaks. As per the time off of internet it extends the time of examinations.
