Quiz Competition on the occasion of Birth Anniversary of "John Sheehan"

Date: -23rdSeptember22

Quiz Competition on the occasion of Birth Anniversary of "John Sheehan" on dated 23rd September, 2022. John Sheehan was an American organic chemist whose work on synthetic Penicillin leads to tailor-made forms of the drug. Dr. Sheehan's research on synthetic Penicillin paved the way for the development of customized forms of the lifesaving antibiotics that target specific bacteria. Quiz competition have been conducted on online platform via Google forms. The exam link was circulated among student's groups and research scholar's groups of other institutes on the same day of birth anniversary of scientist "John Sheehan".

The main aim of the Quiz competition was to motivate students and develops a positive attitude towards the scientific innovations of drug chemistry and their contribution as medicines in society.

The objective of this event to impart practical skills that will enable to design project and scientific intelligence as well as resilience to build scientific support through education system and inspiring students further to create awareness in field of biotechnology.
