#### Slogan Making Competition on the occasion of “World Soil Day”

Date: -5<sup>th</sup> December, 2022

Organized by  
Department of Biotechnology

Slogan Making Competition on the occasion of “World Soil Day” (5<sup>th</sup> December 2022) World Soil Day (WSD) is held annually on 5 December as a means to focus attention on the importance of healthy soil and to advocate for the sustainable management of soil resources.

Soil is one of the most important natural resources of nature where all the living things and the survival of mankind depend on Crops thrive only when the land is fertile and thus agriculture becomes profitable and make economic progress. They say if the farmer is good then all the other communities will be on the path of progress in all sectors. However, with a lack of awareness, soil and water conservation measures are becoming less common. World Soil Day has been celebrated around the world on December 5 every year since 2013 to emphasize on the pre – service of the nature of the soil. In this order, various programs are being carried out to bring awareness among the people on soil and water conservation measure. While this year’s campaign for the World Soil Day is to “Keep soil alive, protect soil biodiversity” that aims to bring awareness on maintaining healthy soil.

The objective of this event to tell the students importance of soil in day today life and to do the needful impart the Practical skills that will enable to design Project and Scientific intelligence as well as resilience to build scientific support through education system and inspiring students further to create awareness in field of biotechnology.
