Events organized during the Academic year -2022-23

(Conference/Workshop/Symposium/Seminar/Guest Lecture/Special Day Celebration/Visit /Exhibition/welcome function/ farewell function/Sport activities /NSS activities/ NCC activities/ Portfolio activities etc.)

1. Name of the Department: Department of Biotechnology, DSCL
2. Complete name/ title of the Activity: Celebration of “World Immunization Day-10th November”
3. Dates or Duration (from-----to) : **14.11.22**
4. Venue of the Event: **Department of Biotechnology**
5. Sponsor/Collaborations (if any) : Dayanand Science College, Latur
6. Level of the event (encircle) : **District**
International / National / State / University / **District** / College / Department etc
7. Purpose / aim / objective:
 - To develops interest in scientific innovation and their history
 - To develop a scientific approach towards “Vaccination” in Immunology
 - To motivate students and make a positive attitude towards medical biotechnological innovations**Outcome of the event:**
 - Students were motivated by organizing power point presentation competition
 - Students were made aware about immune and immune diseases as well as immune resistance
8. Beneficiaries / participants (Type/number, etc.):
 - Students: 30 Faculty:06
9. Other major staff / student / Institution involved in the organization of the activity:
Dr. K. S. Gomare, Institution Innovation Council Members, DSCL
10. Any other information / comment / qualitative remarks:
11. Photographs (with captions) submitted (number):
 - 04
12. Evidence produced (Certificate, Online competition etc.)
 - Certificates
13. Name and Signature of Coordinator: **Mrs. A. A. Bidkar**
14. Registration list

District Level Seminar Competition on
“Origin and Evolution of Vaccines”
On the occasion of
“World Immunization Day 10th November”

Date: -14th November 22

Organized by

Department of Biotechnology

District Level Seminar Competition on “Origin and Evolution of Vaccines” On the occasion of “World Immunization Day 10th November” was held on 14th November, 2022 “Biotechnology Day”.

World Immunization Day is celebrated every year on November 10. This day is celebrated to make people aware about the importance of getting timely vaccinations against vaccine preventable diseases.

Immunization is the process whereby a person is made immune or resistant to an infectious disease, typically by the administration of a vaccine. Immunization helps protect the child from life threatening diseases. It also helps reduce the spread of disease to others. Vaccines stimulate the body’s own immune system to protect the person against subsequent infection or disease. Babies are born with some natural immunity which they get from their mother through breast-feeding. This immunity gradually diminishes as the baby's own immune system starts to develop. Immunization is one of the most cost-effective health investments and vaccination does not require any major lifestyle change.

Seminar competition have been conducted on offline plat form. The Flyer of competition was circulated among student groups and research scholar groups of other institutes on 11th November, 2022.

The main aim of the Seminar competition was to motivate students and develops a positive attitude towards importance and awareness of vaccination in human life.

The objective of this event is to aware students about immune system and immune related diseases and preventive measures that will enable them to learn scientific intelligence as well as resilience to build scientific support through education system and inspiring students further to create awareness of World immunization Day & Biotechnology Day.

Department of Biotechnology
In association with
Microbiologists Society India
Organizing

"District level Seminar Competition"
On
"Origin and Evolution Of Vaccines"
On the occasion of
World Immunization Day - 10th November, 2022

Points to be covered

- Years of origin of first vaccine
- Years of other vaccine types
- Process of normal vaccine production
- Current status of vaccine production process
- Mode :- Online/Offline
- Effect of such vaccines in inoculated organism
- Deviation in the normal Process
- Need of modified the vaccine production process
- Time: 7+2 (for presentation)

Eligibility: Science UG, PG Students and Researchers
Important dates: Competition will be held on 14th Nov. 2022
Time: 11am
Venue: Dayanand Science College, Latur
No Registration fees: Registration is compulsory for participants
Registration Link: <https://forms.gle/Zz5gA86NB67BjwsZ8>
*Prizes and Certificates will be provided on competition day on the occasion of Biotechnology Day
