#### Quiz Competition on the occasion of Birth Anniversary of "Ronald Aylmer Fisher"

Date: -17<sup>th</sup> February, 2023

Organized by

Department of Biotechnology

Quiz Competition on the occasion of Birth Anniversary of "Ronald Aylmer Fisher" (17 February 1890 – 29 July 1962) was a British polymath who was active as a mathematician, statistician, biologist, geneticist, and academic. For his work in statistics, he has been described as "a genius who almost single-handedly created the foundations for modern statistical science" and "the single most important figure in 20th century statistics". In genetics, his work used mathematics to combine Mendelian genetics and natural selection; this contributed to the revival of Darwinism in the early 20th-century revision of the theory of evolution known as the modern synthesis. For his contributions to biology, Fisher has been called "the greatest of Darwin's successors".

The objective of this event to impart the Practical skills that will enable to design Project and Scientific intelligence as well as resilience to build scientific support through education system and inspiring students further to create awareness in field of biotechnology.
