### Events organized during the Academic year 2023-2024

(Conference/Workshop/Symposium/Seminar/Guest Lecture/Special Day Celebration/Visit/Exhibition/Welcomelfunction/Farewellfunction/Sport activates/NSS activities/NCC activities/Portfolio activities etc.)

1. Name of the Department : Department of Biotechnology, DSCL
2. Complete name/ title of the Activity: Celebration of “World Water Monitoring Day - 2023”
3. Dates or Duration (from-----to) : 18.09.23
4. Venue of the Event : Department of Biotechnology
5. Sponsor/Collaborations (if any) : Dayanand Science College, Latur
6. Level of the event (encircle) : National

International / National / State / University / District / College / Department etc

7. Purpose / aim / objective:

- To develop interest in conservation of natural resources.
- To build public awareness of importance of water resources.
- To motivate students and make a positive attitude towards water conservation.

**Outcome of the event:**

- Students were motivated by organizing quiz competition.
- Students were made aware about importance of water.

8. Beneficiaries / participants (Type/number, etc.):

- Students:374 Faculty:07

9. Other major staff / student / Institution involved in the organization of the activity:

Dr. K.S. Gomare, Institution Innovation Council Members, DSCL

10. Any other information / comment / qualitative remarks:

11. Photographs (with captions) submitted (number):

- 04

12. Evidence produced (Certificate, Online competition etc.)

- Certificates

13. Name and Signature of Coordinator: Mrs. A.A. Bidkar

14. Link: <https://forms.gle/GJFgqQCq1gpVSk6c6>

### Events organized during the Academic year 2023-2024

#### Quiz Competition on the occasion of “World Water Monitoring Day - 2023”

Date: - 18<sup>th</sup> Sept., 2023

Organized by  
Department of Biotechnology

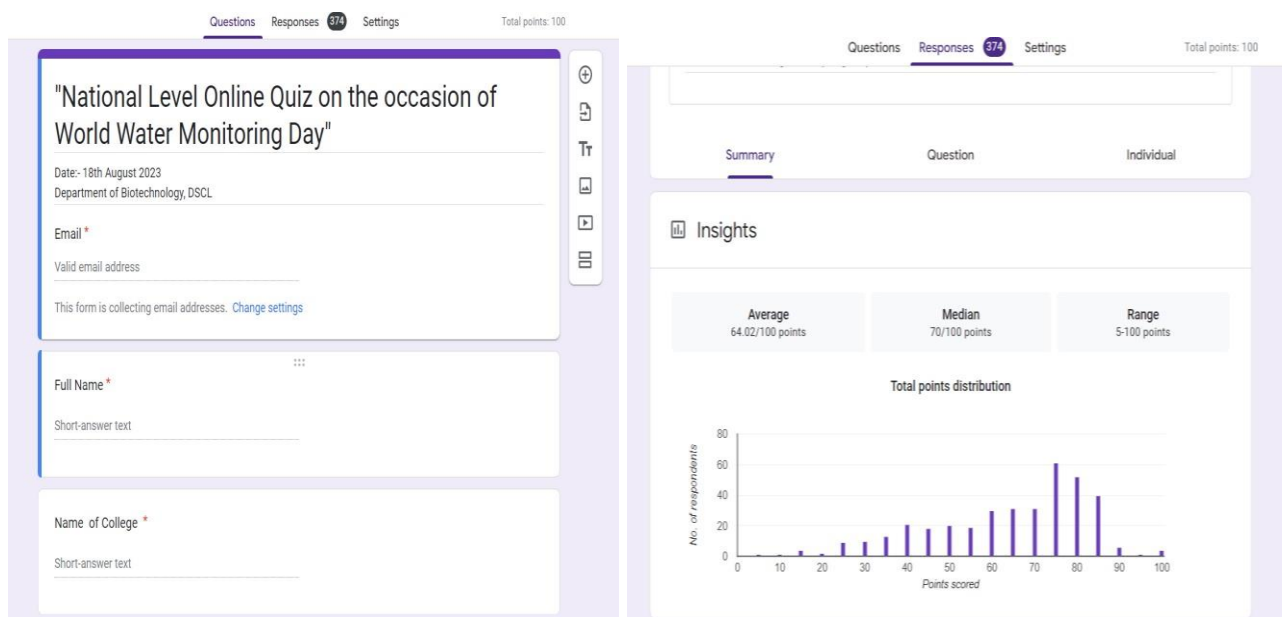

Online Competition on the occasion of “World Water Monitoring Day” (18<sup>th</sup> September 2023),

World Water Monitoring Day was created by America’s Clean Water Foundation in 2003 with the intent of being a program that reached out to people all over the globe to raise awareness of water pollution issues and get people to test their local bodies of water. This information is then intended to be shared through various resources, including the World Water Monitoring Challenge.

World Water Monitoring Day is an international education and outreach program that builds public awareness of the importance of protecting water resources around the world by engaging with people to conduct basic monitoring of their local water bodies. The Water Project is focused on providing reliable, ongoing water and sanitation service and support to communities around the world who suffer needlessly from a lack of access to clean water and proper sanitation.

The main aim of the competition was to motivate students and develops a positive attitude towards the conservation of water, minimizing wastage and ensuring its more equitable distribution both across and within States through integrated water resources development and management”.

#### Online Competition on the occasion of “World Water Monitoring Day – 2023”
