Background:-

On 26th September 2023 at 11:00 am, a visit to Tissue Culture Laboratory was successfully organized by department of Botany, Dayanand Science College, Latur. This visit was attended by 12 participants.

Aim / Objectives:-

1. To know the morphology of various plants.
2. To get knowledge about tissue culture technology.

3. To learn the different steps of tissue culture.
4. To get knowledge regarding how plants grow in complete artificial medium under aseptic condition.

The proposed results were:-

The participants will get the knowledge about tissue culture laboratory and steps of tissue culture.

Participants:-

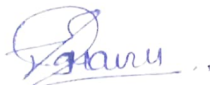

The visit was attended by 12 participants.

Outcomes of visit:-

1. During this visit students got information about methods of Tissue culture technology.
2. It was helpful to develop the skills of laboratory techniques.
3. Students got knowledge about tools and techniques in tissue culture.

Acknowledgments:

It has been our pleasure to express sincere thanks to the Director of Warad Biotech Tissue Culture Laboratory for giving detailed information of tissue culture to the students and teachers of Dayanand Science College, Latur. We are thankful to all the participants for the study tour.

Report on Tissue Culture Lab Visit (2023-24)

A Study Visit tour was organized by Department of Botany for M.Sc. I and M.Sc. II year students at Warad Biotech. On 26th September, 2023 at 11 am onwards.

This visit was organized to study tools and techniques in Tissue Culture and to study the morphology of nursery plants. Teaching staff members Dr. M. K. Gurme, Miss A. S. Kamble, Miss V. V. Hawaldar, Miss N. N. Shaikh, Miss A. J. Shaikh and 12 Students were present in this visit. Warad Biotech is a large scale nursery and is having a well equipped tissue culture laboratory located near Dayanand Science College, Latur which is known for export of floricultural and horticultural plants.

In this visit students learn how to maintain the aseptic conditions in tissue culture laboratory and preparation of nutrient media for in vitro culture of various ornamental plants by studying tissue culture technology. They also know the various steps which show the plant grown in complete artificial medium is ready for gradual exposure to open environmental condition.

The staff of Warad Biotech was so supportive. They provide all the necessary information related to Tissue Culture to students.

Many students' purchased plants in nursery for home gardening purpose related to Tissue culture .

Outcomes of the tour:

1. The students learnt about Tools and Techniques in Tissue Culture.
2. They observed morphology of plant specimen in nursery.
