Event: Guest Lecture

Sr. No	Title	Information
1.	Name of Department	Computer Science
2.	Title of Event	Guest Lecture on Cloud Computing
3.	Date or Duration	27th August, 2024
4.	Venue of the Event	Hall No. 9
5.	Sponsor/ Collaboration	ABC Trainings
6.	Level of Event	Department
7.	Aims/Objectives of the Event	The main objective of the training program is to give overview of importance of cloud computing in real world and its future scope.
8.	Beneficiaries/ Participants	B. Sc. (CS) FY students
9.	Number of Participants	Students = 88
10.	Name of Chief Guest, Speakers	Mr. Ankush Shendge
11.	Name of Coordinator	Mr. K. S. Sarda
12.	Photographs	Attached
13.	Evidence Produced	<ul style="list-style-type: none"> • Letter • Photography • Attendance
14.	Outcomes of the Event	Students were enriched with Cloud Computing subject.
15.	Any other information	-

Background

Department of Computer Science is one of the active department in Dayanand Science College, Latur affiliated to SRTMU, Nanded. This department has UG [B. Sc. [Computer Science Optional], B. Sc. (CS), B. Sc. (Data Science), B. Sc. [(Software Engineering)], PG courses. On 27th August, 2024 the guest lecture on Cloud Computing was successfully held, which was organized by Department of Computer Science, Dayanand Science College, Latur in collaboration with ABC Trainings, Latur for UG Students. The Course was attended by a total of 88 students.

The proposed results were:

The main objective of the training program is to give overview of importance of cloud computing in real world and its future scope.

Participants

The 88 students were present from B. Sc. (CS) FY for guest lecture on Cloud Computing.

Inauguration and Plenary Presentations

- NIL

Outcomes of this Competition:

Students were enriched with Cloud Computing subject.

Report On

Guest Lecture on Cloud Computing was organised by Computer Science Department of Dayanand Science College on **27th August 2024** for BCS first year students. featuring **Mr. Ankush Shendge (Senior IT expert)** from **ABC IT Training, Latur**. The session began with an overview of cloud computing, highlighting its key characteristics, such as on-demand self-service and resource pooling.

The speaker elaborated on various cloud models, including Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS), providing insights into their advantages and real-world applications across different industries. The lecture also addressed critical aspects of cloud computing, such as security concerns and best practices for data protection. An engaging Q&A session followed, where students of BCS first year actively participated by asking questions and discussing the implications of cloud technology in their future careers. Overall, the event was a valuable learning experience, enriching students' understanding of cloud computing and its relevance in today's technology landscape.
